The changes set below are made to the above numbered order.  

DESCRIPTION OF AMENDMENT/MODIFICATION:  
This amendment is to answer the following questions:  
1. In your RFQ, you mention hardware. Our installs are so simple we seldom offer “mounting hardware”. You can purchase it from any local supply house. Would you want us to quote this, or just leave it for you? If we quote them, do we add a line on the price page, or separate lines under each quantity…100…200…300….?  
   Answer: Add the mounting hardware to your quote. Do not add an extra line.  

2. Your RFQ references everything being shipped in 70 days. We could begin shipping in 70 days (typical) 300 - 400 every two weeks, but if you wanted 400 singles, and 400 doubles, that would be 1200 parts. We might need several more weeks to send everything. How should I write that up, or is it a firm deal-breaker?  
   Answer: See Scope of Work, Page 11, Section #1  
   PDRTA will order either a single or double – not both.
3. We might recommend you purchase some extra windows, unless you want to buy and cut your own replacements. Transit companies do both. Do we add a line on the price page?

Answer: Include a separate bid (cost) list for replacement parts.

4. Under Part VIII-Scope of Work, the stated size specification is 4-10 inches wide by 17-25 inches tall. Within those size ranges does PDRTA have an optimum display window width and height preference that the bid pricing should be based on?

Answer: No as long as you stay within the specifications above.

5. Should mounting hardware be included as part of the bid pricing?

Answer: See question #1 above

6. Does PDRTA have a preference between polycarbonate or tempered safety glass windows, or should we quote both options.

Answer: Quote both – Make another copy of bid sheets and specify which is polycarbonate or tempered safety glass
